

DRYWALL SPECIFICATIONS

-Most drywall is hung by volunteers and finished by a sub-contractor. Occasionally, contractors do some hanging to maintain the construction schedule.

-Please submit 3 bids per house model:
one with hanging, taping, and finishing entire house
one hanging only ceilings and stairways
one with only taping and finishing.

-Finish can be flat, sand, or knock-down.

-MHFH supplies the drywall, contractor supplies all the finishing materials (tape, corners, joint compound, etc...)

-Please include an hour or more of quality-control work (adding/setting screws) to insure that the volunteers' work was sufficient.

Send all bids to:
